Where Do Babies Come From? Frances White

For years, we have heard about God and heard stories of the bible. However, it is not until we become adults and find a Holy Man of God or an anointed teacher and began to dive into the word for ourselves that we began to learn who God is. In addition, most often that is when we are 30, 40 years old. It seems we have already lived half our lives without the true knowledge and understanding of God, Jesus or the Holy Spirit. Now that we are older, it takes a while to adapt to the things of God (new life). To speak like God commanded, to live according to kingdom principals, to walk in His statute, to even to put on the mind of Christ. It takes us a long time to be what God intended us to be. As an adult having little ones, nieces and nephews born into the world. I want to educate them on who God is and where they come from. I know my nephew Ja'Mari has asked before "where did my sister come from, where did you get this baby"? Me having the answer, I want to teach them of God, and His precious Son, Jesus and all He did that we may have life and have it more abundantly. Sharing what the Holy Spirit is and His purpose in their lives. I want the children to know they were created in the image and likeness of God the Father, and they were given dominion to rule over the earth and subdue it, and that they were given power and authority to speak things into existence. I want them to know all that God has to offer, He is a great God. Now that we know, we have to educate our families and the children and enlighten them on the things of God. I have a desire that they be empowered to live out Gods word. This book will be used as a beginners tool to educate the little ones, while building a sure foundation for spiritual growth. This is an educational tool for beginners (small children) to educate them of all has been created by the spoken words and the hand of God. With emphasis on His sovereign authority, power and His desire to have a loving relationship with all the little children. Explaining also, Who created them, where they came from, how they were made, how they grow before birth, and Who God is and how much He loves them.
