The Author speaks out on UNDERBELLY: The Palm Beach No One Talks About

Some 100 years ago Upton Sinclair's novel *The Jungle* shocked people with its depiction of the horrid life of the have-nots, balanced against the excesses of the corrupt and powerful haves. As a result of Sinclair's book, which exposed deplorable conditions in the meat packing industry, foreign sales of American meat fell in half and the Federal government instituted legislation that led to the passage of laws and the establishment of the FDA. Now comes *Underbelly*, a non-fiction account of the lives of the homeless and addicted that shines a bright light on a very dark place in our society.

Say the words 'Palm Beach' and you picture a land of wealth and privilege bestowed upon only a select few, a place where rich is practically a religion. But there's another side to this tony enclave and the county that shares its name, one hidden from view, one rarely talked about, a seedy underbelly that you won't read about on the society pages of the Palm Beach Post or in 'the shiny sheet.' In this world, addiction or poverty is the only ticket you need to gain entry. While these two worlds may share the same space, like two positively charged magnets, they never quite touch, propelled away from each other by an invisible force. *Underbelly* examines this side of Palm Beach.

Underbelly is filled with the stories of people who, by happenstance or poor choices, find themselves part of the sad castoffs of our society, told in their own words, often sad, sometimes heartbreaking, occasionally explicit, and, yes, even funny - but always true. The pictures (some 100) say as much, as they show the hardships of the streets, the suffering in the eyes, the torture to the bodies, and the wasting away of once-promising minds. With this book, these few people, at least, are no longer anonymous faces on the street we turn to avoid. They have names, they have stories, they have hopes and dreams, and their pain is no less meaningful than our own.

From reader reviews:

Josue Denson:

As people who live in typically the modest era should be up-date about what going on or data even knowledge to make them keep up with the era and that is always change and advance. Some of you maybe can update themselves by examining books. It is a good choice for you but the problems coming to you is you don't know what type you should start with. This Underbelly is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Bess Cook:

People live in this new moment of lifestyle always attempt to and must have the spare time or they will get wide range of stress from both lifestyle and work. So , when we ask do people have spare time, we will say absolutely indeed. People is human not just a robot. Then we question again, what kind of activity do you have when the spare time coming to an individual of course your answer may unlimited right. Then ever try this one, reading ebooks. It can be your alternative inside spending your spare time, often the book you have read is definitely Underbelly.

Juanita Stoneman:

Many people spending their time by playing outside using friends, fun activity with family or just watching TV all day long. You can have new activity to shell out your whole day by reading through a book. Ugh, you think reading a book can actually hard because you have to accept the book everywhere? It okay you can have the e-book, delivering everywhere you want in your Touch screen phone. Like Underbelly which is finding the e-book version. So , why not try out this book? Let's view.

Sandra Forester:

That reserve can make you to feel relax. This book Underbelly was bright colored and of course has pictures on the website. As we know that book Underbelly has many kinds or genre. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and feel that you are the character on there. So , not at all of book tend to be make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book for you and try to like reading that.
