This little book contains ten stories designed to activate your funny bone. Each story begins with a delightful full page color drawing which hints at the theme of the story followed by the two-page story itself- omitting the last line. The reader should pause to puzzle out the missing words. Success gives a boost to the ego; failure summons the next page which features another drawing portraying the missing line and the line itself drawn from a well-known story or song lyric. A Why didn't I get that? and a loud guffaw from the reader follow.
