This volume, part of a series that focuses on the business side of the profession of law, presents to chief financial officers what they should know to be effective in a law firm. In writing about the law firm CFO, the author presents views from all the main participants: the CFO attempting to meet the expectations of superiors and department personnel; the executive director who needs the support of the chief financial manager of the firm; and the management committee and partners who have their own expectations of their finance guru.
