Identical twins Joe and Frank Hunter - a paraplegic and a New Jersey detective - discover in youth that their father died in a secret military operation—But, did he? Fate takes their lives in different directions, until two government agents visited the Hunter home years later. A promise to walk again to run, to even fly, is too good for Joe to refuse, and Frank, in time, with super-hero like skills akin to Joe's, joins the adventure. As the military operation escalates, the twin's skills increase—now following in their father, Captain Jon Hunter's footsteps. The secret mission blasts open the door to a confrontation with alien beings, and Earthly adversaries to a final battle for possession of ancient flying machine. Who will be victorious? The fate of humankind is now threatened.
