Quickly find the perfect anvil at the right price without wasting hours of your time.

What if you could find an anvil for less than \$300 that actual working blacksmiths swear by?

What if you could easily know the difference between anvils from different companies?

Best-selling author of *The DIY Blacksmithing Book*, Terran Marks, presents a handy, informative guide to finding and buying the right anvil and forge for you. Based on years of hands-on experience and conversations with other blacksmiths, Marks answers the questions: How much is a good anvil? Do I need to spend \$1000 on a forge? Where can I get the best prices?

In this book, you'll learn:

- Where to get the best price on large anvils (and why you might want to go big)
- How to avoid expensive shipping costs (there's one website that offers Free Shipping on most orders)
- What the benefits and disadvantages of coal and gas forges are (and which one is easier to start with)

Buy this guide to get the best price on an anvil and forge without wasting hours of precious time searching.
