Remember Everything j'Jhanna

A planned hysterectomy, with a last minute coercion by the surgeon to relinquish her ovaries, spiraled this author into depression leaving a wounded woman unable to "get over it". Inspired by a phrase in a novel, to "remember everything", this strong writer, 13 years later is resisting the cyclical morphing into madness by remembering everything. Recognizing that the most personal is also the most universal, the book's ring-bound binding allows the readers to add loose leaf pages to journal their remembering. "By naming people, naming experiences, and naming effects of those experiences, my remembering has allowed me to rename myself Whole" declared the author of Remembering Everything, her first published book.
