Lexicon Urthus, Second Edition Michael Andre-Driussi

Lexicon Urthus is an alphabetical dictionary for the complete Urth Cycle by Gene Wolfe: *The Shadow of the Torturer*; *The Claw of the Conciliator*; *The Sword of the Lictor*; *The Citadel of the Autarch*; the sequel *Urth of the New Sun*; the novella *Empires of Foliage and Flower*; the short stories "The Cat," "The Map," and "The Old Woman Whose Rolling Pin Is the Sun"; and Gene Wolfe's own commentaries in *The Castle of the Otter*. The first edition was nominated for a World Fantasy Award. This second edition includes over 1,200 entries. When the first edition was published, *Science Fiction Age* said: "Lexicon Urthus makes a perfect gift for any fan of [Wolfe's] work, and from the way his words sell, it appears that there are many deserving readers out there waiting." Gary K. Wolfe, in *Locus*, said: "A convenient and well researched glossary of names and terms. . . . It provides enough of a gloss on the novels that it almost evokes Wolfe's distant future all by itself. . . . It can provide both a useful reference and a good deal of fun." Donald Keller said, in the *New York Review of Science Fiction*: "A fruitful product of obsession, this is a thorough . . . dictionary of the Urth Cycle. . . . Andre-Driussi's research has been exhaustive, and he has discovered many fascinating things . . . [it is] head-spinning to confront a myriad of small and large details, some merely interesting, others jawdropping."
