PREFACE

TO THE NEW AND REVISED EDITION
OF OCTOBER, 1865.

In preparing a new edition of this popular work, the Editors have endeavored to incorporate all the improvements in the various branches, which have been introduced, since the publication of the last edition. Much of the work has been entirely re-written, and new articles have been added on Photography, Pyrotechnics, Angling, Pisciculture, etc. The matter has not been simply scissored from newspapers, but carefully digested from standard authorities, the scientific journals, and filled with the practical knowledge of the Editors and contributors. The Editors have to acknowledge valuable assistance from gentlemen, eminent in the departments of Agriculture, Horticulture, Wine-making, Perfumery, Cements, Engraving, Photography, Angling, Tanning, etc. The work, it is believed, will be found more reliable and thorough than any one of its class now in print. The Miscellaneous department is almost entirely new,
