The knowledge of scientific discoveries will give you the confidence and the knowledge to control and maintain a victorious state and mood. You can adjust your level of ambition by natural means, including what you eat.

Dopamine, serotonin, oxytocin, and endorphins will increase with correct eating and behavior. Step 11, a maintenance step, is turbo-charged with scientific discoveries that make success both pleasurable and sustainable.

Whatever your worldview, be it religious or secular, you will feel comfortable with this program. Whether you are trying to escape an addiction or are trying to outgrow a mediocre existence, this is a great place to start. If you are trying to add to your success, then buckle up your seat belts because adherence to these principles can propel you to success beyond your wildest dreams.

Blending the traditional with the progressive, while keeping it simple, these steps will put you firmly in the twelve-step movement that is improving gross national happiness and success throughout the world. As you learn the issues and the language of self-help and relate to others, your feeling of community will buoy you
