Algebra 1 Student Text (3rd ed.) U

Algebra 1 Student Text (3rd ed.) focuses on the integration of algebraic concepts in technology and real-life applications, presenting topics in logical order with detailed examples that promote student comprehension and retention. Students explore the simplification, solving, graphing and interpretation of linear, exponential, radical, quadratic, and rational functions both manually and with technology. Internet search keywords help students locate online tools and enrichment. Additional review exercises are carefully designed for student review, retention, and preparation for the next lesson. Each chapter features graphing calculator tutorials, lessons in sequences and series, and a mathematical biography or career segment. Biblical truths and principles are taught through Dominion Modeling exercises that illustrate how mathematics is used to serve others and glorify God.
