The Pacific Crest National Scenic Trail (PCT) meanders from the California-Mexico border north to the border of Washington and Canada. It's a rigorous trail, first envisioned in 1926 and now encompassing some 2,650 miles. Each volume of this new series focuses on section-by-section pieces of the PCT.

This guidebook features trail sections of 4- to 10-night trips, detailed camp-to-camp route descriptions, easy-to-understand route maps and elevation profiles, road access to and from trail sections, information on permits, hazards and restrictions, and much more.
