Jose Antonio Pagola

Jesus: An Historical Approximation (Kyrios) Jose Antonio Pagola

In this Spanish best-seller, now available in English for the first time, the Biblical scholar Jose Antonio Pagola reconstructs the historical Jesus with a scholarly exegetical and theological approach. He addresses basic questions about who Jesus was; how he understood his life; what was the originality of his message; how the vision of the Kingdom of God centred his life; and why he was executed and who intervened in the process. The author presents a lively and passionate narrative of Jesus of Nazareth within the milieu of the first century, locating him in his social, economical, political and religious contexts based on current and accepted research. He also analyses the perspectives and conclusions of the most important scholars in this research and presents a profound and extensive scholarly theological reflection about Jesus.
