Hailed as "the Web's most intelligent forum for erotica," *Nerve* magazine has redefined and elevated our dialog about sex. With well over 750,000 unique visitors per month, and dedicated web sites in Germany, France, and Spain, in addition to its print publishing, *Nerve's* brand of smart sex is growing at a feverish pace. In this bold collection, Genevieve Field, cofounder of *Nerve*, delivers a state of the union on nude photography with a selection of work from today's hottest photographers. No longer restricted to the beautiful but often impersonal, traditional posed nude, these 150 contemporary images burst with color, life, and yes...sex. *Nerve: The New Nude* captures the cutting edge of nude photography and backs it with intelligent and powerful discourse on a contentious subject.
