If you love to color colonial architecture from the nation's revolutionary city capital in the Williamsburg Virginia Geographic Area and the Historic Restoration district, this book is definitely a must buy! The book is filled with 50+ hand-drawn illustrations of some of the historic and restored buildings, as well as alleys and back gardens you will find if you visit the area. There are three different ways you can use the illustrations in this book:

- 1) As a Coloring Book – pull the pages out, get out your crayons and colored pencils, and 'go to town' in adding your interpretation of what colors the colonists used when they followed the founding fathers and the news from England as they lived through the revolutionary war.
- 2) As a Scavenger Game – look through the book and see if you can identify the location of all the illustrations throughout the book. Mark the location page with the longitude and latitude coordinates. Buy more books for your friends and family and see who can identify all the locations of the structures in the book first!
- 3) As Fine Art – pull the pages out (or cut them out carefully with a craft knife), mat, and frame them as fine art in your home. These hand-drawn illustrations are also available via Fine Art America as Canvas Prints, Framed Prints, Acrylic Prints, Metal Prints, Prints, Posters, Greeting Cards, iPhone Cases, Galaxy Cases, Tote Bags, Throw Pillows, Duvet Covers, and Shower Curtains. See copyright page for link to the gallery.

Details about the book: ** Non-perforated pages (you can use a craft knife or razor to remove them) ** Glue-bound spine ** Pages are 8.5" x 11" with a quarter-inch margin; paper weight is the thickness of standard paper-back books; some media may bleed through (test first, back with cardboard or plastic!) ** Two pages of pre-views of drawings in the book should be available on Amazon's "Look Between the Covers" function to see the types of illustrations in the book, as well as on the front and back covers ** Single-Pages – all the illustrations have blank pages on the back side so you don't have to worry about your 'wetter' media ruining any images on the other side

What can you do with the book once you have finished? Once the illustrations in this book are colored – give the books as gifts, use pages as scrapbook background art, create greeting cards, or use the designs and use in multi-media art. Whether the co-artist uses crayon, marker, or colored pencil, or paints – or a combination – the beautiful results can be used to pass the time, keep your mind still, go into a personal Zen moment, use your hands in a creative way, or use for a craft project. Frame them and hang them in the office, classroom, or at home where the designs can continue to inspire friends, family, and co-workers. Once the designs are colored – give the books as gifts, as scrapbook background art, or cut out designs for multi-media art. The possibilities are endless!
