Georg Wilhelm Friedrich Hegel

Lectures on the Philosophy of Religion: One-Volume Edition - The Lectures of 1827 Georg Wilhelm Friedrich Hegel

From the complete three-volume critical edition of Hegel's *Lectures on the Philosophy of Religion*, this edition extracts the full text and footnotes of the 1827 lectures, making the work available in a convenient form for study. Of the lectures that can be fully reconstructed, those of 1827 are the clearest, the maturest in form, and the most accessible to nonspecialists. In them, readers will find Hegel engaged in lively debates and in important refinements of his treatment of the concept of religion, the Oriental religions and Judaism, Christology, the Trinity, the God-world relationship, and many other topics.

This edition contains a new editorial introduction as well as critical annotations on the text and tables, bibliography, and glossary from the complete edition. The result of an international collaborative effort on the part of Walter Jaeschke, Ricardo Ferrara, and Peter C. Hodgson, the new edition is appearing simultaneously in German, English, and Spanish. The English edition has been prepared by a team consisting of Robert F. Brown (University of Delaware), Peter C. Hodgson (Vanderbilt University), and J. Michael Stewart (Farnham, England), with the assistance of H. S. Harris (York University).
