Programming And Problem Solving With C++: Comprehensive Nell Dale, Chip Weems

Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. A Reorganized and Updated Edition of the Bestselling, Definitive C++ Text The bestselling Programming and Problem Solving with C++ is the single clearest and most comprehensive introduction to C++, object-oriented programming, and software development on the market. Accessible enough for beginning students, this text has been accepted by hundreds of colleges and universities around the world as a model text for the ACM/IEEE-recommended curricula for CS1 courses and for the Advanced Placement exam in computer science. Renowned author team Nell Dale and Chip Weems's student-centered, pragmatic, and hands-on approach focuses on making even the most difficult concepts in computer science programming accessible to all students. Comprehensive and student-friendly, Programming and Problem Solving with C++, Sixth Edition remains the definitive text for introductory computer science programming courses. A Brief Edition (978-1-284-02864-5) is available for the one-term course. Every new printed copy of the text is packaged with Navigate 2 Advantage Access & full student access to Turing's Craft Custom CodeLab. With Navigate 2, technology and content combine to expand the reach of your classroom. Whether you teach an online, hybrid, or traditional classroom-based course, Navigate 2 delivers unbeatable value. Experience Navigate 2 today at www.jbllnavigate.com/2 Features of the Sixth Edition: Contains new programming exercises and new, more student-friendly organization of material Features strong pedagogical elements, including real-world case studies and highly relevant exercises that reinforce key concepts and build crucial skills Introduces C++ language constructs in parallel with the appropriate theory so that students immediately realize practical applications Every new printed copy of the text is packaged with full student access to Turing's Craft Custom CodeLab. Customized to match the organization of the text, CodeLab offers students hands-on C++ programming experience. The system immediately judges the correctness of code typed in by students, and offers hints for building and improving coding skills Ideally suited for bundling with A Laboratory Course in C++ (978-1-284-02590-3), a digital resource prepared by Nell Dale Includes a full suite of ancillary resources including a complete source code for students and instructors, PowerPoint Lecture Outlines, and a Test Bank

From reader reviews:

Dawne Feliciano:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to know everything in the world. Each reserve has different aim or even goal; it means that publication has different type. Some people really feel enjoy to spend their time for you to read a book. They are reading whatever they get because their hobby is definitely reading a book. What about the person who don't like studying a book? Sometime, individual feel need book if they found difficult problem or exercise. Well, probably you should have this Programming And Problem Solving With C++: Comprehensive.

Alfred Stevens:

Inside other case, little persons like to read book Programming And Problem Solving With C++: Comprehensive. You can choose the best book if you appreciate reading a book. As long as we know about how is important some sort of book Programming And Problem Solving With C++: Comprehensive. You can add knowledge and of course you can around the world by a book. Absolutely right, mainly because from book you can recognize everything! From your country until eventually foreign or abroad you will find yourself known. About simple issue until wonderful thing you can know that. In this era, we can open a book or maybe searching by internet unit. It is called e-book. You need to use it when you feel bored to go to the library. Let's learn.

Teresa Thomas:

Reading a reserve tends to be new life style on this era globalization. With reading you can get a lot of information that may give you benefit in your life. Having book everyone in this world can share their idea. Books can also inspire a lot of people. Many author can inspire their reader with their story as well as their experience. Not only the story that share in the textbooks. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors these days always try to improve their proficiency in writing, they also doing some exploration before they write to the book. One of them is this Programming And Problem Solving With C++: Comprehensive.

Siobhan Wilcox:

Reading a book to become new life style in this season; every people loves to examine a book. When you read a book you can get a lots of benefit. When you read books, you can improve your knowledge, due to the fact book has a lot of information onto it. The information that you will get depend on what types of book that you have read. If you would like get information about your review, you can read education books, but if you act like you want to entertain yourself read a fiction books, this kind of us novel, comics, in addition to soon. The Programming And Problem Solving With C++: Comprehensive will give you new experience in reading a book.
