Hostile Seas: A Mission in Pirate Waters JL Savidge

Set during a period of dramatically escalating piracy, *Hostile Seas* is a personal account of a mission on board a naval warship in the waters off Somalia.

In late 2008, piracy around the Horn of Africa escalated dramatically, threatening the passage of international merchant ships through a critical waterway. Not only were ships carrying goods to North America and Europe affected, but also vessels entrusted with food aid for a Somali population suffering the effects of prolonged drought and civil war.

In response, the Canadian government redirected naval frigate HMCS *Ville de Québec* from the Mediterranean Sea to Somali waters to escort pirate-menaced vessels carrying World Food Programme aid to Mogadishu. Told from the perspective of a ship's officer, *Hostile Seas* is a personal account of life on board a deployed navy ship that explores the tension between military imperatives and individual needs as a succession of hijackings brings into focus the reality of Somali piracy.
