## **No Commercial Potential: The Saga Of Frank Zappa** David Walley

For nearly thirty years Frank Zappa (1940–1993) pursued an idiosyncratic but influential course in music—rock, jazz, and classical composer (releasing over fifty albums); founder of the Mothers of Invention; guitarist, conductor, and producer; as well as social satirist, sonic scientist, First Amendment champion, and all-around iconoclast. This updated edition of David Walley's cutting-edge classic includes a new foreword, a substantial chapter carrying the Zappa saga through his death from cancer, an afterword, bibliography, discography, videography, and guide to Zappa on the Internet. From 1960's *Freak Out!* to the posthumous *Civilization Phaze III*, *No Commercial Potential* offers converts and connoisseurs the most practical and penetrating book ever written on the musical phenomenon known as Frank Zappa.
