Here is a road map for building a personal eBook, or for making one to publish in the Kindle Store. Experienced and would-be authors will find clear explanations of proven techniques that enable them to create, publish, and promote an eBook in a short time. The author's approach is not hype and theory. He uses three book building projects that have been published to show how his methods work. The first book building project covers a work of fiction. The second deals with the requirements of a nonfiction book. The third shows the particular details of building an anthology of poetry. If you ever thought about writing, but hesitated after realizing how hard it can be to have a book published through the old publishing establishment, here is a method to achieve your aspirations. Amazon's revolutionary Kindle eReader along with its Digital Text Platform for publishing has democratized the industry. Now, YOU can create and market your eBook. Carpe diem!
