Options, Futures, and Other Derivatives

John C. Hull

Options, Futures, and Other Derivatives John C. Hull

Bridge the gap between theory and practice.

Designed to bridge the gap between theory and practice, this introductory text on the futures and options markets is ideal for those with a limited background in mathematics.

The eighth edition has been updated and improved—featuring a new chapter on securitization and the credit crisis, and increased discussion on the way commodity prices are modeled and commodity derivatives valued.

From reader reviews:

Cora Gallien:

Book is written, printed, or highlighted for everything. You can realize everything you want by a publication. Book has a different type. As it is known to us that book is important issue to bring us around the world. Alongside that you can your reading talent was fluently. A e-book Options, Futures, and Other Derivatives will make you to be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think that open or reading a book make you bored. It is not make you fun. Why they might be thought like that? Have you seeking best book or suited book with you?

Ryan Brown:

What do you about book? It is not important along? Or just adding material when you really need something to explain what you problem? How about your spare time? Or are you busy particular person? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everyone has many questions above. They have to answer that question mainly because just their can do which. It said that about e-book. Book is familiar on every person. Yes, it is suitable. Because start from on kindergarten until university need this Options, Futures, and Other Derivatives to read.

John Davis:

Reading a reserve can be one of a lot of activity that everyone in the world adores. Do you like reading book so. There are a lot of reasons why people like it. First reading a guide will give you a lot of new data. When you read a e-book you will get new information mainly because book is one of a number of ways to share the information or maybe their idea. Second, reading a book will make you more imaginative. When you examining a book especially hype book the author will bring that you imagine the story how the figures do it anything. Third, you are able to share your knowledge to others. When you read this Options, Futures, and Other Derivatives, you could tells your family, friends and soon about yours guide. Your knowledge can inspire different ones, make them reading a book.

Donald Jackson:

Reading a book to get new life style in this 12 months; every people loves to read a book. When you learn a book you can get a lots of benefit. When you read books, you can improve your knowledge, because book has a lot of information in it. The information that you will get depend on what kinds of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you are able to a fiction books, these us novel, comics, along with soon. The Options, Futures, and Other Derivatives offer you a new experience in reading a book.
