*The 2013 Pfeiffer Training Annual* is no exception. It offers a hands-on guide to the latest thinking and approaches to training and development. ELAs are presented as complete, ready-to-use training designs. This year in the Editor's Choice section Karl Albrecht shares his ideas for thinking more clearly, creatively, and cleverly and Lou Russell offers a real-world activity that helps participants see how they contribute to the stress and frustration of their work day.

Use the articles section for your own professional development or as a lecture resource within your training sessions. Must-haves in this section include articles by Catherine Rezak, Homer H. Johnson, and Leonard D. Goodstein.

With the depth and breadth of resources, the *Annual* content is entirely new each year, ensuring a steady stream of contemporary knowledge and tools. Use the *Annual* to stay on top of developments within the profession, dip into the content for a contribution that targets a specific performance need, or to develop a complete program, and learn how others in the field are tackling the ever-increasing challenges of developing a capable, productive workforce.
