Chiaramida

**12-Lead EKG Confidence, Third Edition: A Step-By-Step Guide** Jacqueline M., Ms., MS, RN, APN-C, CNS, CCRN Green, Anthony J., Dr., MD, FACC Chiaramida

## **Praise for the Second Edition:**

*"This is an excellent workbook for students or healthcare professionals who are just beginning to interpret 12-lead EKGs. The book covers what is expected, but the manner in which it presents the material brings much clarity to the topic."*

--**Doody's Medical Reviews**

This handy, step-by-step guide for medical and nursing students and novice practitioners delivers ample information for confidently interpreting 12-lead EKGs. It goes beyond the many EKG books that rely on rote memorization by actively engaging students in the learning process. The guide fosters the understanding needed for students to comprehend, analyze, and interpret the variety of rhythm strips involved with 12-lead EKGs, and provides a solid grounding in the clinical relevance of dysrhythmias. This third edition features an expanded section on arrhythmias with double the amount of EKGs for practice, a revised worksheet design with larger 12-lead EKG printouts for readability, more practice worksheets and case studies, and additional 12-Lead EKGs in a digital folder for extra practice.

Written clearly while avoiding a simplistic approach, the guide features a step-by-step progression that enables self-paced study. It presents basic principles of anatomy and physiology, including a review of the heart's electrical system, followed by foundational EKG concepts. The segment featuring the 12-Lead EKG rhythm strip is enlarged to ensure students can view the appropriate lead while seeing the entire strip. The guide discusses clinical reasoning for each type of rhythm and includes actual EKGs at the end of each chapter to test comprehension. Worksheets in each chapter include guidelines for interpreting actual EKG printouts and require students to practice measurement, evaluation, and analysis of rhythms and develop improved diagnostic reasoning skills. Case examples, Critical Concept Boxes, and tables highlight important points within the text.

## **New to the Third Edition:**

- Expanded Arrhythmia section with twice as many practice EKGs
- Revised Worksheet design offers larger 12-lead EKG printouts for readability
- More practice worksheets and case studies
- Additional 12-Lead EKGs in digital folder for extra practice

## **Key Features:**

- Facilitates step-by-step, self-paced learning
- Organizes EKG changes by causative abnormality
- Teaches clinical reasoning for each type of rhythm
- Includes plentiful worksheets for practicing measurement, evaluating and analyzing rhythms, and honing diagnostic reasoning skills

- Offers actual EKGs at the end of each chapter

**Tyrone Hogans:**

Reading can called head hangout, why? Because while you are reading a book specifically book entitled 12-Lead EKG Confidence, Third Edition: A Step-By-Step Guide your head will drift away trough every dimension, wandering in every single aspect that maybe not known for but surely will become your mind friends. Imaging just about every word written in a e-book then become one application form conclusion and explanation this maybe you never get before. The 12-Lead EKG Confidence, Third Edition: A Step-By-Step Guide giving you another experience more than blown away your head but also giving you useful info for your better life in this era. So now let us show you the relaxing pattern here is your body and mind are going to be pleased when you are finished examining it, like winning a game. Do you want to try this extraordinary investing spare time activity?

**Barry Altman:**

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the trainer want, like asked to go to the library. They go to generally there

but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this 12-Lead EKG Confidence, Third Edition: A Step-By-Step Guide can make you experience more interested to read.
