Cohomology of Groups (Graduate Texts in Mathematics, No. 87)

Kenneth S. Brown

Cohomology of Groups (Graduate Texts in Mathematics, No. 87) Kenneth S. Brown

Aimed at second year graduate students, this text introduces them to cohomology theory (involving a rich interplay between algebra and topology) with a minimum of prerequisites. No homological algebra is assumed beyond what is normally learned in a first course in algebraic topology, and the basics of the subject, as well as exercises, are given prior to discussion of more specialized topics.
