Integrative Theology is designed to help graduate students in a pluralistic world utilize a standard method of fruitful research. Each chapter on a major doctrine: (1) states a classic issue of ultimate concern, (2) surveys alternative past and present answers and (3) tests those proposals by their congruence with information on the subject progressively revealed from Genesis to Revelation. Then the chapter (4) formulates a doctrinal conclusion that consistently fits the many lines of biblical data, (5) defends that conviction respectfully, and finally (6) explores the conclusion's relevance to a person's spiritual birth, growth and service to others, all for the glory of God. Why the title Integrative Theology? In each chapter, steps 2-6 integrate the disciplines of historical, biblical, systematic, apologetic and practical theology.
