## **Stealing Valor: Wasted Honor** Carl R. ToersBijns

Stealing Valor is a mini-book on the 2013 Stolen Valor Act passed by Congress and signed into law by President Obama. There is much controversy around the law as it in fact, criminalizes lying when the lies facilitate profit, financial gains or a means to promote something that has a monetary value. The issue of Free Speech is the center of the book as it differentiates the meaning of the phrase - Stolen Valor. Various examples are cited and the book is a great stepping stone for further examinations of the law that is still sitting sideways with many veterans and organizations - In fact, some national organizations are actively referring imposters or alleged impostors to vigilante committees that review the military history of the person identified to be a fake- a fraud and an opportunistic person seeking self-important or financial gain for self. Readers should use this book as a reference book for many other sources on Stolen Valor on the internet as it is full of citations.
