The Gardener's Bug Book - 1,000 Insect Pests and Their Control

Cynthia Westcott

The Gardener's Bug Book - 1,000 Insect Pests and Their Control Cynthia Westcott

This antiquarian volume comprises a comprehensive guide to the identification and control of a wide array of common insect pests. Written in clear, concise language and profusely illustrated, this book constitutes an invaluable handbook for the discerning gardener, and makes for a great addition to collections of allied literature. Although old, much of the information contained herein is timeless, and will be of as much use to modern readers as it was when this text was first published. Many antique books such as this are becoming increasingly hard to come by and expensive, and it is with this in mind that we are proudly republishing this book in a modern, affordable edition.
