Fated (Fate of Love) (Volume 1) AJ Brooks

Until you discover the truth in love you will only be half. Until you find the one who makes you whole. Cassius, the god of love, is stripped of his status and left as a demi-god with a quiver full of arrows and a riddle he's no closer to solving. When he fell in love with a mortal, he thought he'd broken the curse. But when he chose godhood over the woman he loved, Cassius ended up in servitude to the Sisters of Fate, tormented by his mistakes. Zarah copes with her abusive past by painting a world that feels more familiar than the one she lives in. Her mind often wanders to a handsome stranger that would sit with her in the dark and relive his deepest heartbreak to ease her own. She paints him again and again, but when her paintings come to life around her, Zarah's grip on reality begins to slip. Zarah and Cassius are more deeply intertwined than either of them could have imagined, but it's not Fate's plan that threatens their future. With the safety of their loved ones at stake, they might have to sacrifice the one thing they want most...each other. FATED is a modern mash-up and re-imagining of Cupid--arrows and all.
